# Infection Control

## Sterilizers
## Midmark

Midmark sterilizers are simple to use, minimizing breaks in safety protocols. Clinicians can rely on the M3 for the rapid cycle time their busy schedule often demands, and the M11 for maximum capacity to handle patient flow.

## Surface Disinfectants
## Kerr: CaviCide Spray/CaviWipes

CaviWipes offer the convenience of surface disinfection, decontamination and cleaning in a single disposable product. CaviWipes are disposable towelettes presaturated with CaviCide, an intermediate-level disinfectant effective against viruses, bacteria, fungi and TB. The nonwoven towelettes are recommended for cleaning and disinfection of hard, nonporous exterior surfaces where cross-contamination is an issue.
